

## Welcome...

We at Blue Power Solar are dedicated to keeping you informed with the latest information on Solar Energy, and the microFIT program.

Please don't hesitate to contact William Jordan VP Solar Operations directly with any questions or concerns you may have. **Toll Free 1 866 202.2975**, Direct line: 416-906-1953, or e-mail [william.jordan@bluepwr.com](mailto:william.jordan@bluepwr.com).

## In the News

George McNaughton, owner of the Sears Outlet Store - BraceBridge, Ontario received the first of many "solar energy payments" to come, from William Jordan, VP Operations BluePower® Solar Energy.

On the "The Guelph Mercury" website ([www.guelphmercury.com](http://www.guelphmercury.com)), Thursday Feb 17th., an article by Keith Brooks brings to the forefront the positive impact of going solar.

### Green Energy Act lures solar industries to Guelph

Canadian Solar hosted a job fair at its Guelph facility on Friday to hire 500 people to manufacture solar panels.

The jobs are a direct result of the Green Energy Act, which requires that solar panels must contain 60 per cent Ontario content in order to be eligible for the feed-in tariff, which offers a good rate of return to solar power generators.

## Updates from the OPA - [www.powerauthority.on.ca/](http://www.powerauthority.on.ca/)

### GET YOUR OLD FREEZER PICKED UP FOR FREE, and much more at [saveONenergy.ca](http://saveONenergy.ca).

A one-stop shop for Ontario consumers looking for more information and incentives to help them better manage their electricity bills. Current programs being offered include the FRIDGE & FREEZER PICKUP, HEATING & COOLING INCENTIVE and the saveONenergy COUPONS.

To find the incentives in your area visit <https://saveonenergy.ca/>

### Bi-weekly microFIT Program reports

For the full report, go to: <http://microfit.powerauthority.on.ca/Program-updates/Bi-weekly-microFIT-Program-reports.php>

**Did you know?** 99 percent of microFIT Program applications are for solar PV projects.

#### February 18, 2011

Current Status	No. of applications	Total MW
Total applications	25,862	236
Applications terminated	2,204	21
Conditional offers	20,213	184
Contracts executed	3,701	31

#### COMPARED to the February 4, 2011 Report

Current Status	No. of applications	Total MW
Total applications	25,245	231
Applications terminated	2,155	20
Conditional offers	19,651	179
Contracts executed	3,408	28

**NOTE:** High volumes of applications are resulting in processing delays. Applications received up to December 31, 2010 will be processed by March 31, 2011
