Introducing our New Solar Family Members...

Ms. McQuaid was happy to reduce her carbon footprint by creating clean renewable green energy, and at the same time be rewarded with our Rent to Own Program.

Thank you Ms. McQuaid for Helping Canadians make our planet a cleaner and greener environment.

Mary is pleased to have her solar panels installed.

Mary did note the turnkey solution that Blue Power[®] provides for solar installation is both effective and efficient.

Thank you Blue Power[®].

Here is a great photo of a very happy Mr. Ray Gervais who purchased three units that will be installed this month (May).

IN THE NEWS — CHURCHES GO SOLAR

On the "OTTAWA CITIZEN" website (www.ottawacitizen.com) May 1st., an article by Kelly Egan brings to the forefront the positive financial impact of going solar in her article: "Churches harness power sent from above. Across the city, churches have seen the light. It is, indeed, heavenward." © Copyright (c) The Ottawa Citizen
